I like that idea on advocacy. How about adding something like this:

Question: What is the best way to influence the current homelessness policy discussions at the City and County level ?

Reach out to your representative and let them know we need immediate solutions to provide people an alternative to life on the street. There must be a focus on shelters, bridge housing and storage facilities. This will complement long term efforts underway like creating additional permanent supportive housing. We are in a state of emergency and need a multifaceted approach.

Thanks, Marie – this is awesome!

I'm thinking we maybe can also add a couple of FAQs about who to call, where to send letters etc – more along the advocacy side. Thoughts?

I'm going to email Laurie (President of DBC) and see if we can have you at our next all members mtg (prob not until Jan) to discuss the white paper!

Thanks,
